<b>Cleanup Days:</b>					
Cleanup Days: GMCA provides dumpsters twice year for its members. Historically we have used three 30 cu ft dumpsters in the spring and two in the fall. We use a church lot on a Saturday which requires that the dumpsters be delivered prior to 8 AM on Saturday morning and be removed early that afternoon. Our hours of service are from 8 AM to 11 AM. Please describe how you would serve our needs for cleanup day and the cost.					
We would like to park 1 or 2 trash trucks at the site and allow residents to bring their items to the trucks. We would have drivers on site to assist with loading items into trucks and maintaining safety awareness. We would charge \$24 per ton of material collected. This would eliminate delivery fees on dumpsters. We would also provide a large dumpster for metal at no additional cost.					
<b>Other Services:</b>					
Do you provide or sell containers?	We rent 96 gallon trash/recycle containers for an additional \$1.00 per month.				
How do you handle and charge for large item pickups?	We charge \$10 per item and pick-up would be scheduled through our office and paid for up front by the resident.				
What other service(s) or special capabilities would like GMCA to consider?					
We are locally owned and family operated with over 25 years of experience in the industry. Our office staff is very friendly and helpful and our phone number leads to a person rather than an automated phone system. We offer online bill pay, phone bill pay, and emailed invoicing. We have a user friendly website that can be viewed at LiesWasteSystems.com. I am also attaching reference letters from other HOA's that we work with.					
<b>Additional Data: Use this space or additional pages to describe any other factors GMCA should consider.</b>					
We are BBB accredited.
